FACILITIES

LOCATION

Montessori Northwest is offering a satellite Primary Course at Day Star Montessori, located at 215 Dempsey Road, Milpitas, CA 95035. The training course shares the facility with Day Star Montessori, which offers three primary classrooms and 2 toddler communities.

HOURS OF OPERATION

The practice classroom and lecture space is shared with Day Star Montessori; however, MNW students have full access to these classrooms Monday - Friday during the course. The MNW trainer will be available for an hour before class Monday - Friday. Business may be conducted between 8:00am and 4:00pm Monday through Friday by calling Montessori NW at 503.963.8992 to address business concerns or questions.

ENTRANCE AND EXIT

MNW students have a direct keyed entrance to the classroom. Only the instructor will have access to the key. From the classroom area, one could exit from 6 other doors in the building, all of which are kept unlocked during business hours.

TRANSPORTATION AND PARKING

MNW can easily be accessed by public transportation and car.

Bike

To find the most appropriate bike routes near Day Star Montessori, go to <http://www.ci.milpitas.ca.gov/bike-paths/>. Unfortunately, bike theft is common. MNW assumes no responsibility for stolen bikes.

Car

Street parking is available on both sides of the main street. At the request of the city of Milpitas, students must park down the street from the school.

Public Transportation

Santa Clara Valley Transportation Authority options can be accessed at www.vta.org. MNW is close to the Park Victoria & Edsel bus stop and the Calaveras & Carnegie bus stop. The Bay Area Rapid Transportation (BART) systems nearest stop is Warm Springs/South Fremont. BART trip planning can be done online at www.bart.gov.

COMMUNICATING WITH MNW

The MNW staff welcomes your communications with the goal of enhancing your experience at MNW. Some staff will have posted office hours or a way for students to leave notes. These methods are individual to each staff member and reflect the demands of their position. When in doubt, students should send the staff member an email.

PERSONAL CARE

Dress and activity should be in accordance with the casual business atmosphere of our building. Personal grooming standards should allow for close proximity to other students, including the use of strong perfumes and colognes.

VISITORS

Check in with a staff member prior to inviting a visitor to MNW. All visitors should check in at the MNW Office upon arrival, and will sign in and receive a visitor's badge.

CHILDREN AT THE TRAINING CENTER

Visitors under the age of 12 should always be accompanied by an adult. Ask a staff member before inviting a child to use any materials in the prepared environment. The training site is not a childcare facility and is not equipped to have children visit for extended periods of time in our lecture classroom or in the model classroom during instruction time or supervised student practice. To preserve the professional adult learning environment at the site, parents and caregivers may not bring children to MNW as a childcare option, such as in the case of sickness or school closure.

STUDENT LOUNGE

There is a kitchen space that is a shared space for MNW students and Day Star Montessori. MNW students are requested to store food in cold pack lunch bags or a hot thermos due to limited space in the refrigerator. Students, as a community, are responsible for maintaining the cleanliness of the shared staff lounge area. Students will be given a coffee break each afternoon. *MNW is not liable for students' personal possessions.*

TECHNOLOGY AT MNW

Texting, cell phone use, browsing the internet, and undisclosed recording are not permitted during class. Laptops may be used before and after class, and during breaks. Laptops are not used in class unless otherwise specified. When using cell phones, students are asked to keep the volume, location, and discussion appropriate to the professional atmosphere of our building. During class time cell phones are turned off and stored.

LECTURE AREA AND CLASSROOMS

The lecture areas and the practice classrooms are designed to support a professional working atmosphere. Students care for the materials and shelves in the practice classrooms, the lecture area, and the common areas as preparation for Montessori teaching.

Food and gum are *not* permitted in the practice classroom at any time. Drinks in watertight, closed containers may be kept on the lecture tables in the lecture area; disposable coffee cups are *not* permitted.

To preserve the working atmosphere of the lecture area and practice classroom, and with respect to other learners in the building, we ask that socializing and casual conversations are conducted in the student lounge.

MEDIA RELEASE

Montessori Northwest, and any of its successors, has the right to use names, photographs or other recordings that MNW has taken of students for advertising or publications. MNW is the sole owner of all rights to these materials. If you choose not to release all claims in connection with the use of photographs or recordings of yourself, please submit a statement in writing to the MNW office.

STUDENTS WITH DISABILITIES

MNW is committed to providing equal opportunities for all of its students and encourages applicants with disabilities or with additional needs to apply for admission. MNW ensures that students with disabilities are not discriminated against during the admissions process or in the course.

Students with existing disabilities who are requesting accommodations must schedule an appointment with the Director of Training prior to the first day of the course (or within three weeks of a new diagnosis) to discuss course requirements and possible accommodations. If the nature or extent of the disability is not apparent, the student is required to present documentation to establish the validity of the request for accommodation and to help identify what accommodations are necessary.

Documentation must be current, completed and signed by a licensed professional, verify the disability, and suggest appropriate accommodation. MNW will provide academic accommodations that do not result in a fundamental alteration of the program or undue financial or administrative burdens. To allow time for appropriate action to be taken, we urge students to provide MNW with early notice of their specific accommodation requests. - The school closed before the course of instruction was completed.
- The school's failure to pay refunds or charges on behalf of a student to a third party for license fees or any other purpose, or to provide equipment or materials for which a charge was collected within 180 days before the closure of the school.
- The school's failure to pay or reimburse loan proceeds under a federally guaranteed student loan program as required by law or to pay or reimburse proceeds received by the school prior to closure in excess of tuition and other costs.

- Your total charges are not paid by a third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.
- You are not a California resident, or are not enrolled in a residency program, or
- Your total charges are paid by a third party, such as an employer, government program or other payer, and you have no separate agreement to repay the third party.

ADMINISTRATIVE POLICIES

EDUCATION RECORDS

At the time of a student's withdrawal or upon the completion of the course, a student's Education Records are filed in MNW archives. These files are maintained for a minimum of 25 years in a fireproof safe.

Education Records include:

- The original application form for admission
- The final MNW progress report (includes scores from Written and Oral examinations)
- A copy of the signed and dated AMI Diploma and Award Letter
- The original field supervisor and host teacher's reports from Practice Teaching (if applicable)

All Education Records are held in their entirety in the strictest of confidence and are the sole possession of Montessori Northwest. Only the student can access their Education Records. The Executive Director must authorize a verbal or written request for access to Education Records. Education Records may only be viewed at the MNW office in the presence of the Executive Director or a designated staff person. A student may appeal in writing to the Executive Director if questioning or rebutting any documentation in their Education Records. The Executive Director has sole authority to correct or change any information in the Education Records, although the student may be permitted to add a statement to his/her own file.

Copies of Education Records

Current students or MNW graduates may submit a written request for copies of their Education Records. Copies will be released to the individual upon receipt of the written request at a charge of \$5 per page. Each page will be marked "Copy: Issued to Student." Information or content in any particular document that refers to a person or topic not related to the individual making the request will be blacked out on the copy. Requests will be filled as soon as possible but no longer than 45 days after the date of the written request.

AMI Diploma

AMI does not issue duplicate diplomas under any circumstances. Instead, if a diploma is lost, damaged, or the graduate has a name change, the AMI can provide a letter containing an official statement bearing the AMI seal. Contact the AMI Head Office for more information about how to request this statement.

Academic Transcripts

Academic transcripts reflect the Pass/Fail nature of the AMI course. Official transcripts must be requested in writing through the Alumni section of montessori-nw.org and will be sent in sealed envelopes either to the graduate or to a third party as requested by the graduate. The charge is \$12 per official transcript.

REFERENCES

MNW pedagogical staff does not provide verbal or written references for employment purposes. Instead, with the student's written permission, staff can verify the following:

- The current student's standing in the course or the student's projected date of graduation.
- The graduate's attendance in the course or the graduate's date of graduation.

Students and graduates may request copies of any documents in their Education Records for employment or academic applications using the process outlined above.

Although letters of reference cannot be provided for employment purposes, pedagogical staff can create a written reference for an alumni's application for a continuing education program.

BACKGROUND CHECKS FOR OBSERVATION AND PRACTICE TEACHING

During Observation and Practice Teaching sessions students are present in host schools with children for several weeks. Placements are made by MNW staff and most MNW students are placed in regional schools. Prior to placement, students practice teaching and/or observing must refer to <http://oag.ca.gov/fingerprints/publications/contact.php#sanfrancisco> for fingerprinting information and the online enrollment process. Students are responsible for initiating and completing the background check process in a timely manner as well as all costs and paperwork associated with background checks. Students are encouraged to begin this process as soon as possible.

Students will select the option, "I am applying for work, plan to volunteer or be associated with a licensed child care facility or requesting agency."

Step 1

Students begin the enrollment process as soon as possible, so that it is completed in a timely manner.

Step 2

Students bring proof of enrollment or conditional enrollment to MNW and show it to the course assistant. It will be noted that the student can be placed for Observation and Practice Teaching.

Step 3

Students retain the proof of enrollment and provide it to the host school upon request.

Students interested in completing Observation and Practice Teaching in an out of state school will contact the Course Assistant as soon as possible, and no later than the first few weeks of the course. This allows time to determine if a host school classroom is compatible with this course component as well as allowing time for that state's background check process to be completed. All other students who are not observing and practice teaching in California, must complete an additional background check after confirming with their host school which guidelines to follow for background registry requirements to meet the background requirements for that state.

ADMINISTRATIVE REQUIREMENTS

These standards of behavior apply when students are onsite at MNW, engaging in online activities including social media, during observation and practice teaching, and at MNW events. Failure to adhere to Administrative Requirements will result in use of the Student Discipline Process.

(Exceptions: Students may charge for typing, tutoring, and similar *educational* services rendered solely by themselves as individuals. Non-profit political and charitable fundraising must be similarly approved.)

CONDUCT REQUIREMENTS

These standards of behavior apply when students are onsite at MNW, engaging in online activities including social media, during observation and practice teaching, and at MNW events. MNW students and staff should report any violations of these requirements to the Executive Director immediately. Knowingly withholding information regarding a violation will also result in the Student Discipline Process. Prohibited activities which may result in the Student Discipline Process.

- Plagiarism, cheating, or academic dishonesty. This includes: submission of any unoriginal work, failing to cite a source, soliciting someone to complete your assignments, allowing another student to submit your work as their own, or cheating during examinations.
- Dishonesty, including: provision of false information, alteration or misuse of documents, impersonation, misrepresentation, or fraud.
- Undisclosed recording, audio or video, on MNW premises. Written permission must be obtained from the Executive Director prior to any recording.

(Emergency orders may supersede some written regulations.) Students who receive orders which they consider unreasonable although not illegal must obey them at the time and may bring a formal complaint later against the issuing staff members in writing to the Executive Director.
- Deliberate incitement of others to commit any of the prohibited acts by providing assistance or encouragement to others engaged in them, or by failure to separate oneself clearly from a group in which others are engaged when there is sufficient time and opportunity.
- Each student is responsible for the conduct of guests. While on site students and visitors must comply with applicable building or grounds regulations.

STUDENT DISCIPLINE PROCESS

Process for Student Discipline

Violation of the Administrative Requirements or Conduct Requirements of Montessori Northwest will result in the Student Discipline Process. When a violation occurs, the Executive Director will notify the student of the violation orally or in writing. If notified orally, the student may request a written notice. The student may issue a statement to the Executive Director immediately after notification, or the student may request 24 hours to prepare a statement and contact any witnesses in his/her defense. Statements from witnesses may be requested by the Executive Director, the student, or both, and can be submitted in oral or written form.

The Executive Director will review the statements of the student as well as any witnesses before determining the level of disciplinary action. The decision will be based on the nature and seriousness of the violation. A voluntary admission of a violation to the Executive Director in contrast to hiding the violation is highly regarded in determining the extent and nature of the disciplinary action.

If a student wishes to appeal the decision of the Executive Director, the student must follow the MNW Grievance Process.

Levels of Disciplinary Action

Non-Academic Probation

The student will be placed on Non-Academic Probation for four weeks. If there are any further violations of the Administrative or Conduct Requirements during this period the student discipline process moves to suspension or dismissal at the discretion of the Executive Director.

Suspension

The student will be suspended from MNW and from Observation and Practice Teaching sites for five days. If the behavior remains unchanged after suspension the student discipline process escalates to dismissal.

Dismissal

This student will be dismissed from MNW and may no longer attend the course. MNW's Cancellation and Refund Policy will apply.

Final Notification of Disciplinary Action

The Executive Director's final notification of disciplinary action will describe the details of the offense, the student's statements, and the level of disciplinary action taken. A copy of this final notification will be kept in the student's Education Records.

GRIEVANCE PROCESS

A grievance is defined as a written statement which alleges a specific violation of procedures, rules or regulations infringing on the personal and professional rights of the grievor. A grievance will be addressed according to the following process.

Stage 1: Attempted Resolution with the Executive Director

1.1: Letter to the Executive Director

This letter must include:

- A full description of the alleged violation, with specific facts and all extenuating circumstances,
- The policies, rules or regulations which are the basis for the grievance,
- The name or names of the individual or individuals involved, and
- A request for a meeting with the Executive Director.

1.2: Meeting with the Executive Director

- The goal of this meeting is to resolve the problem caused by the alleged violation.
- A scribe may be present at this meeting.
- This meeting must be held before the grievance process can continue to Stage 2. If no resolution is reached at this meeting, or if an appeal is requested, the grievance process continues:

Stage 2: Appeal to the Executive Director

2.1: Letter of Appeal to the Executive Director

This letter must include:

- A request for a formal hearing to address the grievance.

The Executive Director must respond to the appeal letter by personal service or certified mail within 10 days. The purpose of this response is to set a date for a formal hearing to address the grievance. This response must name the place, the date, the time and the individuals who may be present at the formal hearing.

2.2: Formal Hearing

The formal hearing must be held within 30 days. The following individuals must be present:

- One member of the Board of Directors, or the designee of the Board of Directors.
- The Executive Director or the designee of the Executive Director.
- The Griever.
- One representative or support person of the Griever.
- Any witnesses whose testimony is to be considered.

The formal hearing will be governed by procedures set by the Board of Directors and administered by the Executive Director or designee of the Executive Director. The formal hearing will follow Robert's Rules of Law and Order and will be recorded to provide a record of the hearing. The recording will be kept in the office of the Executive Director until 1 year following the completion of the appeal process. If the resolution reached at the formal hearing is unacceptable to the griever, the grievance process continues as follows:

Stage 3: Appeal to the Board of Directors

The griever shall file a written request for appeal with the Executive Director within 10 days of the formal hearing. All materials, including the taped record, will be turned over to the Board of Directors to review. The Board of Directors shall review the decision of the formal hearing and come to a final decision regarding the grievance within 30 days.

If for any reason the preceding process is not followed by the griever, the grievance will be considered void, the case will be closed and all information will be retained by the Board of Directors.

Stage 4: Appeal to affiliated organizations

Students aggrieved by action of the school should attempt to resolve these problems with appropriate school officials. Should this procedure fail students may contact the following organizations, in the order listed below:

ACADEMIC POLICIES

ACADEMIC REQUIREMENTS FOR RECEIVING THE AMI DIPLOMA

Admission to the course does not guarantee certification. Completion of the course does not guarantee employment, salary, or occupational advancement. In order to receive the AMI Primary Diploma at the end of the course, the following requirements must be met:

- 90% Attendance in course lectures and activities
- Compilation and submission of acceptable and original Reference Albums in all areas
- Compilation and submission of an acceptable Theory Album
- Submission of acceptable Material Making assignments
- 90 hours of Observation Training, on site and in Montessori classrooms
- 120 hours of Practice Teaching, on site and in Montessori classrooms
- Passing marks of 50% or higher on Written and Oral Examinations
- 850 Course hours

Composition of 850 course hours

Early Childhood Education

- 50 Hours - Child Development Theory
- 80 Hours - Educational Theory
- 30 Hours - Child, Family, and Community

Curriculum Development

- 60 Hours – Movement Education, Practical Life, and Art
- 50 Hours – Sensory Education
- 80 Hours – Spoken Language, Literacy, and Music
- 70 Hours – Mathematics and Science
- 220 Hours – Implementation and Classroom Methods

Practicum

- 90 Hours – Observation
- 120 Hours – Practice Teaching

Extensive information about each of these academic requirements can be found in the Course Guidelines section of the Student Handbook. Completion of the course does not guarantee employment, salary, or occupational advancement.

Montessori Northwest has not entered into an articulation or transfer agreement with any other college or university. MNW students who are concurrently enrolled in the Loyola University Maryland Master of Education Cooperative program earn credits independently through their university program while completing the 850 hours for an AMI Primary Diploma.

ATTENDANCE

AMI requires 90% attendance in the course. This requirement must be met to be eligible to sit for Written and Oral Examinations. In addition, timeliness and dependability are essential qualities in individuals working in Montessori educational environments.

Each student's attendance is periodically reviewed by Pedagogical Staff and students are informed as to their attendance totals. A student may also request an attendance summary. A pattern of lateness will be noted on the student's Progress Report, addressed by the staff, and can affect the student's Good Standing.

A student who arrives late or leaves early must check in with a designated staff member before entering the classroom or leaving Montessori Northwest. Failure to check in will result in a student being marked as absent for that session. Time missed due to late arrivals or early departures will be deducted from the student's attendance, rounded up to the nearest quarter hour.

A student who expects to be late, who is ill, or who cannot attend a class is expected to call the office prior to the start of that day's class. Please leave a message if a staff person is not available. An absent student is responsible for obtaining the information given in the missed class and should make arrangements to get the missed information from two or more students. Absence does not excuse late work. If work is not submitted on time due to an absence, it will be marked as late.

GRADING POLICY

The AMI teacher training course is a Pass/Fail course. Students must meet all academic requirements for receiving the AMI Diploma in order to pass. No letter grades are assigned to any component of the course.

Students who are also enrolled in a cooperative program with Loyola University Maryland will receive additional information for the program including specific requirements and grading criteria. The Director of Training serves as an adjunct professor for the cooperative program.

ACADEMIC PROGRESS AND ACADEMIC PROBATION

Progress Reports

Each student's participation in the course is periodically reviewed and evaluated. Students are kept informed of their progress in the course. Students may request a Progress Report at any time; requests will be filled as soon as possible but no more than 10 business days after the request. It is the student's responsibility to clarify any information that is unclear or bring any perceived discrepancy to the attention of the Director of Training.

Students in Good Standing

Good Standing indicates that a student's assignments and course requirements are consistently submitted on time and fulfill the requirements for acceptance.

Assignment Submission

It is the student's responsibility to ensure that their work is submitted on time and that it fulfills the requirements for acceptance. If an assignment is submitted incomplete, it will be recorded as a late submission. Students should notify a member of the pedagogical staff as soon as possible if an assignment will be submitted late for any reason. Submitted work that does not meet the criteria for acceptance will be returned to the student with feedback from a staff member. The student will make all required revisions and resubmit the work promptly.

Academic Probation

A student will automatically be placed on Academic Probation under the following circumstances:

- A student submits three out of the previous five assignments late or in a format that does not fulfill the course requirements.
- A student demonstrates a pattern of lateness, defined as one or more late arrival or early departure per week, either consistently or on average over a four-week period.
- A student's attendance percentage drops below 90% for more than two weeks.
- A student displays other academic behavior that is an obstacle to successful completion of the course.

Under these circumstances the Director of Training will notify the student that they have been placed on Academic Probation. Academic Probation is composed of two parts. First the needed change is clearly identified. Second, a four-week plan to achieve the necessary change is outlined. At the end of the four-week Academic Probation, the Director of Training will determine the outcome of the Academic Probation.

Outcomes of Academic Probation

Good Standing: The change in academic behavior is achieved within the four-week probation. The student is returned to Good Standing.

Deferred Course Requirements

The student does not meet all criteria of the Academic Probation. The requirements can be deferred by the Director of Training. Please refer to the section on Deferred Course Requirements for more information.

Dismissal

Insufficient change in academic behavior is made within the four-week Academic Probation. The student will be dismissed from MNW and can no longer attend the course. MNW's Cancellation and Refund Policy will apply.

DEFERAL

Deferred Course Requirements

The deferral policies listed below apply only to the AMI diploma courses offered through Montessori Northwest. Students enrolled in the Loyola University Maryland M.Ed cooperative program should consult with those institutions directly regarding their specific deferment policies. In general, students enrolled in the Loyola M.Ed cooperative program must complete all course requirements within their original course cycle and are not eligible for deferral except in extreme extenuating circumstances.

The Director of Training can defer a student's course requirements as a result of extraordinary circumstances. In the event of deferred course requirements, the Director of Training will notify the student of the prescribed timeline and specific conditions for satisfying the deferred requirement. Failure to meet any due date and condition as defined by the Director of Training will result in the student's dismissal from the course.

According to AMI policies all requirements must be satisfactorily completed within 12 months after the graduation date of the original course cycle. The Director of Training's prescribed timeline for deferred course requirements will reflect this policy.

Fees for Deferred Course Requirements

Fees for Deferred Course Requirements must be paid prior to the assigned due date or must accompany the assignment submission. Work submitted without a required fee will be considered late and will not be reviewed.

Attendance in Lecture or Supervised Practice.....No Charge
Review of Theory Album or Reference Album (first submission).....\$200 per submission
Review of previously submitted Theory or Reference Album.....\$100 per resubmission

| | |
|--|----------------------------------|
| Review of Material Making (first submission)..... | \$100 per submission |
| Review of previously submitted Material Making..... | \$50 per resubmission |
| Practice Teaching Field Visit..... | \$200 per Field Supervisor visit |
| Review of Observation or Practice Teaching Written Assignment..... | \$100 per submission |
| Deferred or re-sitting Written Examinations..... | \$250 |
| Deferred or re-sitting Oral Examinations..... | \$350 |

Deferred Exams

Students who do not score 50% or more on either one or two parts of Paper A, Paper B, or the Oral Examinations will be deferred for that/those part(s) of the examination. If a student is unsuccessful in no more than two out of the four areas constituting the Oral Examination then the student is entitled to re-sit all four areas of the examinations. Deferred parts of the examination may be retaken only once. In accordance with the AMI examination regulations the examination must take place the following year and may not be extended beyond 12 months from the original declaration of the result. Any request for variance to this regulation has to be referred to AMI.

FAILURE

Students who fail both Written Examinations Paper A, and Paper B, and any two areas of the Oral Examinations fail the course. Students deferred for course requirements who do not fulfill one or more requirement, fail the course. To achieve the AMI Diploma a failed student must re-take the entire course.

Appeal against Examination Result

There is no right of appeal against the academic judgment of the duly appointed AMI and local/national examiners and the decisions of the AMI Board of Examiners.

A student shall have the right to appeal against a decision of the Board of Examiners on the grounds described below, in relation to the following:

- that there existed circumstances affecting the student’s performance of which the examiners were not aware when their decision was taken, and which could not reasonably have been presented to the Board of Examiners.
- that there was a procedural irregularity or other inadequacy in the conduct of the examinations, or administrative error. For example, the processing of marks or grades, of such a nature as to cause doubt as to whether the result might have been different had there not been such an irregularity.
- that there exists evidence of prejudice or of bias on the part of an examiner.

Appeal to the training center

All appeals are to be received by the training center within 10 days of the publication of the results within 10 days thereafter.

Appeal to AMI

Appeals to AMI may only be made when the student has exhausted the appeals procedure at the training center. Such appeals are to be made in writing with supporting documentation, within 30 days of the publication of the results. AMI will respond within 30 days.

TRANSFER STUDENTS

Montessori Northwest can accept transfer students from other training centers of the Association Montessori Internationale. AMI training courses are designed to be an integrated course of study and transfer students are only admitted under the unusual circumstance that completion at the original center is difficult or impossible. Tuition costs will be pro-rated based on the duration of the student's attendance at MNW and are assessed on a case-by-case basis. Montessori Northwest can accept transfer students from other AMI training centers according to the following criteria:

- Transfer students must be in Good Standing at their original training center
- Transfer students submit a complete application packet addressing Montessori Northwest's Criteria for Admission.
- Transfer students' coursework will be evaluated and credit given for any work completed at the previous center; however, no part of the practicum phase (Observation, Supervised Practice, or Practice Teaching) may be satisfied unless the student is transferring directly from a MACTE accredited training program with no time gap in the training.
- All past student records will be transferred to Montessori Northwest

MAXIMUM TIME ALLOWED FOR COMPLETION OF COURSE

The MNW course is designed for qualified students to be able to successfully complete the course within the time allotted. With rare exceptions, students are able to successfully complete the course within 9 month format, exact dates are listed on the website. <http://montessori-nw.org/info-primary/>

Per AMI policy, students deferred for any part of the examinations must retake that part the subsequent year (within 12 months), and may re-sit each examination only once. Students failing to complete any part of the other course requirements must fulfill that part the subsequent year (within 12 months). This extends the maximum time allowed for completion of the course by 12 months.

STUDENT WELLNESS

STAYING WELL AT MNW

MNW values every individual's health and well-being, encouraging all students to achieve a balance of work and relaxation supported by healthy habits of nutrition, exercise, and sufficient rest.

When a student becomes unwell, both MNW staff members and student peers can offer suggestions for local healthcare resources. Students with health insurance should contact their insurance company for information regarding local providers.

MNW does not endorse any healthcare provider, physician, or organization. Students should seek reviews and independent recommendations before selecting a provider. MNW does not offer a health insurance plan for students.

CENTER FOR DISEASE CONTROL AND PREVENTION – INFLUENZA RECOMMENDATIONS

Sick students should stay home

- Students should be alert to any signs of fever and any other signs of influenza-like illness before reporting to MNW each day, notify the staff, and stay at home if they are ill. Students should not travel while they are ill.
- CDC recommends that individuals with influenza-like illness remain at home until at least 24 hours after they are free of fever (100° F or greater), or signs of a fever, without the use of fever-reducing medications.
- Sick students can expect to be out for 3 to 5 days in most cases, even if antiviral medications are used.
- Students who are well but who have an ill family member at home with influenza may attend MNW as usual. However, these students should monitor their health every day, and notify the staff and stay home if they become ill.

Sick students are advised to go home

CDC recommends that individuals who appear to have an influenza-like illness upon arrival or become ill during the day be promptly separated from others and be advised to go home until at least 24 hours after they are free of fever (100° F or greater), or signs of a fever, without the use of fever-reducing medications. Those who become ill with symptoms of an influenza-like illness during the day should be:

- Separated from others and asked to go home promptly.
- When possible and if they can tolerate it, students with influenza-like illness should be given a surgical mask to wear before they go home if they cannot be placed in an area away from others.
- Students exposed to a sick person should monitor their health every day, and notify the staff and stay home if they become ill.

Cover coughs and sneezes

- Influenza viruses are thought to spread mainly from person to person in respiratory droplets of coughs and sneezes. Cover coughs and sneezes with a tissue or, in the absence of a tissue, one's sleeve.
- Students should have tissues available and a receptacle, such as a plastic bag, for disposing of tissues.

Improve hand hygiene

Influenza may be spread via contaminated hands. Wash your hands often with soap and water or use an alcohol-based hand cleaner, especially after coughing or sneezing.

Clean surfaces and items

- Frequently clean all commonly touched surfaces, such as workstations, countertops, and doorknobs. Use the cleaning agents that are usually used in these areas and follow the directions on the label.
- No additional disinfection beyond routine cleaning is required.

CDC encourages vaccinations

CDC encourages individuals to receive vaccinations for seasonal influenza. For information on groups prioritized for seasonal influenza vaccines please, see <http://www.cdc.gov/flu/protect/keyfacts.htm>.

Higher risk students

- People at higher risk for complications from influenza include pregnant women; children under 5 years of age; adults and children who have chronic lung disease (such as asthma), heart disease, diabetes, diseases that suppress the immune system and other chronic medical conditions; and those who are 65 years or older.
- If students are at higher risk for complications, they should check with their health care provider if they become ill. Early treatment with antiviral medications is very important for people at high risk because it can prevent hospitalizations and deaths.
- Students who become ill and are at increased risk of complications from influenza and ill students who are concerned about their illness should call their health care provider for advice. Their health care provider may want them to take antiviral medications to reduce the likelihood of severe complications from the influenza.

Before traveling

Students should check themselves for fever and any other signs of influenza-like illness before starting travel and stay home if they are ill. Students who become ill while traveling and are at increased risk of complications from influenza and others concerned about their illness should promptly call a health care provider for advice. See CDC's Travel Website (www.cdc.gov/travel) for more information for travelers.

Parents preparation

Although school dismissals or closures of child care programs are not likely to be generally recommended at this level of severity, they are possible in some jurisdictions. Parents should prepare for school dismissals or child-care programs are closed. Parents may not bring ill children to MNW.

COURSE DESCRIPTION

Note: Any assignment/requirement referenced on this page is further described later in this document.

The Association Montessori Internationale Primary Diploma Course offers comprehensive study of Montessori theory and practice for individuals who aspire to work with children in Montessori Primary environments (ages three to six). During 850 hours of teacher preparation, students are trained in Montessori philosophy, human development, Montessori Primary materials and curriculum, and professional expectations.

The AMI Primary Course is part of an oral tradition and the information presented in the course is not readily available in other formats or published works. The use of recording devices is prohibited.

Students engage with theory topics, which create the foundation for a Montessori teacher's practical work and are constant reference points for the student's understanding. Topics focus on early childhood development, educational theory, practical implementation, and classroom management from the Montessori perspective. Students compile a Theory Album reflecting content given during the course.

Students observe demonstrations of the materials in the four areas of the Montessori Primary classroom. Demonstrations include general discussion of related theory, such as the age of the child, purposes of the material, other activities with the material, and how this material fits into the curriculum as a whole. Students take notes on the technique of the presentation and all related information for each demonstrated material. These initial notes guide the student during their practice with the materials. During practice, students refine and complete their notes. The completed notes are then typed up and become the text of the student's original Reference Albums, which serve as teaching manuals for future work with children.

Students practice with the Montessori materials during Supervised Practice, which is scheduled time during class hours when students practice under staff supervision – and without children – in our model classroom to refine their technique in presenting the materials, often standing in as children for each other. The supervising staff member is available to clarify points and assist the students' progress. Students will document their Supervised Practice as a record of their supervised work with the materials. Unsupervised practice is the time that students work with the materials outside of class hours. The classroom is available for unsupervised practice before class, after class, during lunch, and during other announced periods.

Students read from the published Montessori literature. Montessori Northwest provides a Concept Bibliography to accompany the course. This is a list of readings by topic and helps students find specific topics as covered in the Montessori literature. Additionally, Reading Seminars are scheduled throughout the year for specific chapters in Montessori's writings. During these seminars students engage in group discussions stimulated by a series of questions or discussion points related to the target reading.

Students create Montessori materials to demonstrate their ability to apply the principles of Montessori material design to their own classrooms.

Observation and Practice Teaching are essential components of the course, and allow students to continue their study of the child in AMI Montessori classrooms. In Observation, students spend a minimum of 90 hours observing the children's interactions with the materials and each other, directing their observation through the lens of Daily Tasks. In Practice Teaching, students spend a minimum of 120 hours in their host classroom, presenting lessons to children under the supervision of an AMI Primary-trained host teacher.

Comprehensive Written and Oral Examinations verify that each student has met the AMI's standards.

THEORY ALBUM

Due Date

To Be Announced

Description

The Theory Album is a compendium of information that describes and explains Maria Montessori's theories of child development and their application to work with children. The completed Theory Album will become a useful resource for parent information nights, for school newsletter articles, to refresh and deepen understanding, and as a study resource for Written and Oral Examinations at the end of the course.

Components

Topics within the Theory Album are composed of different elements. The Theory Album Check Sheet will describe precisely which elements are required for each topic, such as:

- *Student Outline* is each student's outline of a theory topic, providing a useful "at-a-glance" overview. The process of outlining the information supports the student's engagement with it.
- *Student Reflection* is each student's personal reflection on the lecture topic, designed to deepen engagement. It may include anecdotes, opinions, and ideas for further reflection.
- *Student Essay* is a synthesis of key information from the theory lecture, handouts, and Montessori's writings.
- *Class Note* are clearly written, detailed, typed, edited summaries of class notes from discussions, lectures, and activities.
- *Supplementary Handouts* provide additional information to enhance understanding. They are available for download on the Student Information page on the MNW website or will be distributed in class.

Assessment and Grading

- This assignment is graded on a pass/no pass basis.
- The assessment criteria on the next page will be used to determine if a student has met the learning objectives of the Theory Album. Students must achieve a rating of "pass" in each of the assessment criteria for the entire assignment to be accepted.
- Students receive feedback about their Theory Album, including any areas that need improvement or correction.
- See Assignment Submission (found in the handbook section titled Academic Policies).

REFERENCE ALBUMS

Due Dates

To Be Announced

Description

In the AMI Primary training, students create four Reference albums. These albums are teaching manuals, offering an invaluable resource for future work. The four albums are Practical Life, Sensorial, Language, and Mathematics. Each album reflects the student's knowledge and understanding of each activity in the Primary classroom and explains how to present it to children.

Students create Reference Albums using the following sequence:

- Students observe the Trainer demonstrating these materials/activities to other students in the training course, who stand in for real children.
- After the demonstration, students make notes regarding the steps, verbal prompts and interactions that successfully introduce the child to the material or concept. The Trainer will answer questions or clarify steps after the entire presentation has been demonstrated.
- Students will then practice with the material.
- After sufficient practice, each student will type their notes into polished final form.

These clear descriptions of how to present the materials and any required photos, images, or diagrams will form the bulk of the Reference albums. The accuracy of the Reference albums is the student's responsibility. Staff and peers offer strategies, feedback, and assistance to help students achieve accurate and comprehensive yet succinct albums.

Components

Each Reference Album is composed of the following elements. Exact requirements are listed on each Check Sheet:

- *Introductions* provide detailed information about each area and consists of 2 elements. First, students write about the area, including the different sections or aspects of the area, the direct aims, the characteristics of the materials, and anything else that seems relevant to that particular area. Second, the students write a *synthesis* of the area. The *synthesis* is a description of how each area of the environment supports child development. Each student's original synthesis reflects understanding of developmental purposes, combined with their own observations, connections, and insights. The process of creating the *synthesis* deepens the students' understanding of how Montessori theory directly informs classroom practice. To create the *synthesis*, students discuss how a developmental principle is supported throughout the area, and provide examples of materials/activities in the area that support the developmental principle.
- *Quotations*, students submit a minimum of twenty (20) detailed quotations from at least four (4) Montessori primary sources related to the area and reflecting a comprehensive review of Montessori's writings on the area. Each quote is numbered (1-20) and a Works Cited page is included.
- *Presentations* are descriptions of how to present each material, typed and edited, created from the student's own notes and refined through Supervised Practice.
- *Images* enhance the presentations by providing visual cues and a quick visual reference. Most presentations require at least one image. See Assessment Criteria for image guidelines and requirements.
- *Supplementary Handouts* are available for download from the student Drive.

Assessment and Grading

- This assignment is graded on a pass/no pass basis.
- The Reference Album assessment criteria will be used to determine if a student has met the learning objectives of the Reference Albums. Students must achieve a rating of "pass" in each of the assessment criteria for the entire assignment to be accepted.
- Students receive feedback about their Reference Albums, including any areas that need improvement or correction.
- See Assignment Submission (found in handbook section titled Academic Policies).

READING SEMINARS

Due Dates

Reading Seminars are held throughout the course. Exact dates will be provided at the beginning of each course.

Directions

Reading Seminars stimulate an in-depth examination of Montessori's writings. Students prepare for each Reading Seminar ahead of time by reading the required chapter(s) and writing answers to the target questions provided. During each Reading Seminar, students engage in group discussions to explore the topic through the alternate viewpoints and opinions expressed by other students.

On the day that a Reading Seminar is scheduled, students will submit their written answers at the start of the day for pedagogical staff to review. These answers are then returned to the student to reference during the Seminar. A student who is absent the day of the seminar can submit their written responses their first day back in class and be credited as participating.

Reading Seminars also offer opportunities for professional development. As a group participant, students are exposed to viewpoints and opinions that may differ from their own, allowing them to respond respectfully and to reflect on these new perspectives. Additionally, students have the opportunity to facilitate/lead discussions during Reading Seminars. In this role, the facilitator ensures that all group members have the opportunity to contribute their ideas, allowing them to practice leadership skills such as redirection, diplomatic enforcement of guidelines, and neutral observation.

Assessment and Grading

- This assignment is graded on a pass/no pass basis.
- The Reading Seminar assessment criteria will be used to determine if a student has met the learning objectives of the Reading Seminars. Students must achieve a rating of "pass" in each of the assessment criteria for the entire assignment to be accepted.
- Students receive feedback about their participation in Reading Seminars, including any areas that need improvement or correction.
- See Assignment Submission (found in handbook section titled Academic Policies).

MATERIAL MAKING: PRACTICAL LIFE AND SENSORIAL

Due Dates

To Be Announced

Directions

Practical Life and Sensorial material making offers students the opportunity to apply Montessori principles to the creation of real activities that they will use in their own classrooms with children.

For this assignment, students create one complete Practical Life and one complete Sensorial activity. These will be similar to activities currently in the MNW model classroom. Student Material Making will include all components necessary for a complete exercise as they would appear on a material list, and should be ready to put on a shelf for use by children.

The complete exercise will reflect the characteristics of the Practical Life materials and the Sensorial Materials, such as, developmental appropriateness, natural consequences, child-size items, color-coding, natural materials, and attractiveness. The students' album will provide additional details and characteristics relevant to the particular material. If the Practical Life material was not presented on the course, include the presentation text.

For Practical Life, choose one of the following.

- Folding
- Hand Washing (apron optional)
- Sewing
- Polishing (any type)
- Table Washing (apron and mat optional)
- Flower Arranging (apron and mat optional)

For Sensorial, choose one of the following:

- Sorting (any level)
- Fabric Boxes
- Mystery Bag
- Smelling Jars (aromas included)
- Tasting Bottles (flavors included)

Students complete a self-evaluation sheet to determine if all criteria have been met. The self-evaluation sheets will exactly match the criteria listed on the Practical Life and Sensorial Material Making assessment criteria.

During Oral Examinations, Material Making will be reviewed by Examiners to determine the student's ability to apply Montessori principles to the creation of real activities

SUPERVISED PRACTICE

Due Date

Non-specific due date. Supervised Practice is ongoing during the course.

Supervised Practice is scheduled daily throughout the course so that students can practice with the materials after seeing the demonstration. Attendance and participation are required during Supervised Practice.

Directions

Supervised Practice is scheduled time during class hours when students practice with the Montessori materials under staff supervision, without children, in the Montessori Northwest model classroom. A supervising staff member is available to clarify points or offer suggestions.

During Supervised Practice, students follow these procedures:

- Students work alone or with other students to refine their technique and deepen understanding of the materials. In general, students will work in pairs, with one person acting as the teacher, presenting the material to another student, who acts as the “child.” This collaborative environment supports effective practice. Students work with a *variety* of students throughout the year.
- Staff or the “child” may observe and give constructive and respectful feedback to the presenter *after* the full presentation is given.
- Class notes are to be left outside of the practice environment.
- Students regularly track their practice with the materials in their Student Practice Log. This log and the rubric of Supervised Practice Assessment Criteria allow students to self-evaluate their progress towards mastery with each material. It also allows pedagogical staff to review students’ practice habits and give feedback as needed. During Oral Examinations, Student Practice Logs may be reviewed by Examiners to determine the amount of practice a student undertook with each material.
- Self-evaluation includes a written reflection in the student’s journal and updating practice logs during the last 5 minutes of Supervised Practice sessions.

Supervised Practice is a process of accumulating skill and experience. It is expected that students will at first be unfamiliar with the materials, and will increase in ability as they progress through the course. An attitude of “friendliness with error” is strongly emphasized, with mistakes seen as opportunities for growth and improvement. The open-ended self-directed group work during Supervised Practices is also a real-life experience of a cooperative learning community based on Montessori principles, the very same kind of communities which students are preparing to lead. Full participation in Supervised Practice is an essential component of students’ preparations for their roles as Montessori adults.

During Oral Examinations, Supervised Practice Logs will be reviewed by Examiners as further documentation of the student’s participation in the course.

Assessment

- Students are expected to conduct frequent self-evaluations using the Supervised Practice assessment criteria, noting any areas of challenge and seeking assistance when needed.
- During Supervised Practice, pedagogical staff members observe students while they practice with the materials and each other. Staff members offer constructive feedback on how students can improve and refine performance.
- It is expected that students achieve at least a Competent Level (2) in all materials and/or activities prior to undertaking Oral Examinations. It is the student’s responsibility to improve Supervised Practice performance as needed based on self-evaluation and feedback received from pedagogical staff members.

Supervised Practice Assessment Criteria

OBSERVATION

Due Dates

Observation dates are October 8 - 26, 2018

Observation Daily Tasks and the signed and totaled Hours Sheet are due on the first day back in class after each Observation session.

Directions

Observation allows students to continue their study of the child in Montessori classrooms with children. During the course, students observe children in qualifying regional AMI Montessori Primary classrooms. Standards for Observation host classrooms are as follows:

- A teacher who holds an AMI diploma at the Primary Level (ages 3-6).
- A classroom equipped with a complete set of materials for the 3-6 level.
- A multi-age group of children (ages 3-6).

Interaction with children is kept to a minimum, giving students the opportunity to silently observe children and their behavior. Students return to the same classroom for both sessions of Observation and for Practice Teaching, building familiarity and rapport with the children, the school community, and observing the school year continuum.

During each day of Observation, students observe the children through the lens of a daily task. These daily tasks are designed to focus the student's attention on a particular aspect of child development or Montessori theory. Students record their responses to daily tasks in the form of narrative descriptions and separate interpretive responses. Narrative descriptions are clinical, non-judgmental records of the child's activities: "What is the child doing?". Interpretive responses are the student's attempt to interpret the child's actions within the framework of Montessori theory: "Why is the child doing that?"

Throughout Observation, students are to remain reflective of their own learning experience. =This includes ongoing self-assessment using the Assessment Criteria and may include some dialog with MNW Primary Pedagogical Staff.

Observation Process

A minimum of 90 hours of Observation is required. During Observation and Practice Teaching, a student's commute and daily schedule will change from their regular routine at Montessori Northwest. Students can find documents related to Observation on the student website.

Note: It is of utmost importance that students keep their observations of the children and the school community confidential. Breaches of confidentiality may initiate non-Academic Probation.

Assessment and Grading

- This assignment is graded on a pass/no pass basis.
- The Observation assessment criteria will be used to determine if a student has met the learning objectives of Observation. Students must achieve a rating of "pass" in each of the assessment criteria for the entire assignment to be accepted.
- Students receive feedback about Observation assignments, including any areas that need improvement/correction.
- See also Assignment Submission (found in the handbook section titled Academic Policies).

PRACTICE TEACHING

Due Dates

Practice Teaching Dates are March 25 – April 26, 2019

Practice Teaching Written Assignments are due on the first day back at in class.

A student must be in Good Standing in order to participate in Practice Teaching.

Directions

Practice Teaching allows students to directly apply their knowledge of the Montessori materials and child development to work with real children in Montessori classrooms. It is preferred that students return to the same classroom as for Observation. The student is not in charge of the entire classroom; instead, the student works with a limited number of children which they selects in collaboration with the host teacher. Students also consult with their host teacher when choosing appropriate lessons to present to the selected children. Montessori Northwest provides specific Practice Teaching Tasks to enhance and direct the classroom experience in purposeful ways. Students are given these tasks prior to Practice Teaching.

Note: It is of utmost importance that students keep their observations of the children and the school community confidential. Breaches of confidentiality may initiate Non-Academic Probation.

Standards for Practice Teaching host classrooms are as follows:

- A teacher who holds an AMI diploma at the Primary Level (ages 3-6) and has guided a classroom for a school year.
- A classroom equipped with a complete set of materials for the 3-6 level.
- A multi-age group of children (ages 3-6) .

Practice Teaching Process

A minimum of 120 hours of Practice Teaching is required. Practice Teaching takes place during a 4 week session in spring. *During Observation and Practice Teaching, a student's commute and daily schedule will change from their regular routine at Montessori Northwest.* Students can find documents related to Observation on the student website.

Students, who practice teach local or outside the Bay Area, are visited twice by a Field Supervisor, who is a Montessori Northwest pedagogical staff member or representative, providing a written assessment of their observations (called a *Field Supervisor Report*). The first written assessment is typically provided within the first two weeks of Practice Teaching, allowing the student time to refine their practice based on that feedback. The second and final written assessment is conducted towards the end of the Practice Teaching session. During Field Supervisor visits, the student presents an individual lesson and a group activity.

Students will also receive a written assessment by the Host Teacher at the end of the Practice Teaching session. All assessments are based upon the Assessment Criteria for Practice Teaching found on the next page. Throughout Practice Teaching, students are to remain reflective of their own learning experience. This includes ongoing self-assessment using Assessment Criteria and may include dialog with the teacher and MNW Primary Pedagogical Staff.

Assessment and Grading

- During Practice Teaching, Field Supervisors observe students twice while they work with children. Students achieving a score of 1 in any category should work to improve the requisite skills. It is expected that by the second visit, students will have implemented strategies discussed to improve their performance and consistently achieve 2 or higher.
- Host Teachers also use the Assessment Criteria below when filling out their own Host Teacher report.
- Students are expected to conduct frequent self-evaluations during Practice Teaching using the assessment criteria, noting any areas of challenge and seeking assistance when needed.
- Students receive feedback about submitted Practice Teaching assignments, including any areas that need improvement/correction.

WRITTEN EXAMINATIONS

Written Examination Dates

(subject to change)

Written Examination Paper A is May 20, 2019

Written Examination Paper B is May 22, 2019

Directions

Throughout the course, students participate in activities to orient themselves to the exam experience. Pedagogical staff will offer suggestions and guidance to support preparation. Written Examinations are divided into two parts: Paper A and Paper B. *All Reference Albums and the Theory Album must be accepted for the student to be eligible to sit for Written Examinations.*

Written Examinations occur over two days. On *each* day, the student is given three hours to complete the examination. On each day of Written Examinations students are given seven questions *from which they choose four to answer*. No extra credit is given for answering more than four questions. Students are expected to plan their time accordingly (i.e., to answer four questions in three hours, students will allot approximately forty-five minutes to each question).

On the first day of Written Examinations (Paper A), students answer questions on Montessori theory topics. Students will use their Theory Albums to study for Paper A. On the second day of Written Examinations (Paper B), students will answer questions focused on materials and activities in the Primary classroom and their purposes. Students will use their four Reference Albums to prepare for Paper B.

A student's Written Examination is identified by number so that the student remains anonymous during the grading process. Each student's identity is revealed only when all Written Exams have been scored.

Assessment and Grading

Written Examinations are graded on a pass/no pass basis. The pass mark for each Paper is 50%. Each question is marked out of 25.

Paper A

Each question has a maximum possible score of 25, giving a maximum possible total of 100 points for Paper A. A student must achieve a cumulative score of 50 points or more to pass.

Paper B

The Assessment Criteria on the following page describes the level of achievement that constitutes a passing score for each paper. A student who does not pass Paper A and/or Paper B can re-sit the failed portion of the exam within twelve months. ORAL EXAMINATIONS

Oral Examination Dates

(subject to change)

Oral examinations are held from June 11-14, 2019

Students attend *only one* exam session that is approximately 3 hours in duration. Exact time scheduled by MNW Staff prior to exams. Students remain in the local area throughout the range of dates listed above.

Directions

Throughout the course, students participate in activities to orient them to the exam experience. Pedagogical staff will offer suggestions and guidance to support preparation. *All Reference Albums and the Theory Album must be accepted and attendance at 90% higher for the student to be eligible to sit for Oral Examinations.*

Oral Examinations are held at the end of the course. They are conducted by a team of external AMI examiners who represent the Association Montessori Internationale. Students take the Oral Examination individually, presenting one material from each of the four areas of the Primary classroom (Practical Life, Sensorial, Language and Mathematics) while being observed by one Examiner. Each Examiner questions each student in one area. The choice of material is made through a blind draw, and students have several minutes to inspect their material and consider their lessons before the examination begins. AMI Primary-trained teachers and staff from the Montessori community stand in as the “child,” and maintain a neutral demeanor in this role.

At exams, the student is formally introduced to both the Examiner and the “child”. The student then begins the presentation of the material, entirely in the character of the teacher. The Examiner may halt the presentation at any time if he/she believes they have enough information to assess the student’s abilities. A conversation between the Examiner and the student follows each presentation focusing on the material, its relation to other materials, its relation to child development, and the underlying Montessori principles/theories that support this particular area.

During the 3 hour period of the examination, the student rotates between Examiners, taking approximately 30 minutes in each area to present the material and answer questions. Between each area, the student is asked to step outside the exam room so that the Examiner can write notes.

At the end of each day, the Exam Team meets to discuss the results of each student’s examination and participation in the course. After this meeting, Montessori Northwest pedagogical staff contacts students by phone to inform them of their exam results.

Assessment and Grading

The Assessment Criteria on the following page describes the level of achievement that constitutes a passing score of 12.5 points or greater in each area. A student who does not pass an area can re-sit the failed portion of the exam within 12 months. For more information see Exams (found in the handbook section titled Academic Policies) and Academic Requirements for Receiving the AMI Primary Diploma (found in the handbook section titled Course Description).

- Oral Examinations are graded on a pass/no pass basis.
- Four areas are examined: Practical Life, Sensorial, Language, and Mathematics. Each area is worth 25 points.
- The student *must pass in each area*: a minimum score of 12.5 points is required in *each* of the four areas to satisfy the AMI requirement for Oral Examinations.
